CHIOS MASTIHA

THE GREEK SUPERFOOD

Chios mastiha has been known, as an effective ingredient in the treatment of stomach pains, gastric disorders, digestive problems, gastralgia and stomach ulcers since ancient times.

Medical recipes from antiquity and the middle ages, written by medical practitioners, physicians and botanists, recommend Chios mastiha as a beneficial aid in treating conditions and disorders of the gastrointestinal system.

According to recent clinical studies, Chios mastiha has proven action against *Helicobacter pylori*, contributes positively to preventing and treating the symptoms of Crohn's disease and constitutes the most natural way to treat peptic disorders.

SOME MORE INFO

The unique Chios mastiha trees, are offering their precious tears of mastiha resin.

As Mother Nature's precious gift, mastiha is used in various ways, both for its flavour and its proven beneficial characteristics

Aromatic by its nature, crystallized resin, mastiha has been revered for its healing properties since time began.

It was used in beauty and healing products as ingredient or itself, at Greece's antiquity. Being recognized and proved, at the botanical studies of Dioscourides and Hippocrates' medical treatments
